

BRENDAN CREASER
Claude AI Specialist

A paper resume can't show you what I actually build.

So I built the real one. It is interactive, it has the demos, and I made it by directing Claude. The same way I would work for you.

THE REAL RESUME IS HERE

brendancreaser.com.au/elementx

What's on it: a short walkthrough video, the AI product I built solo, and the system I use to run fleets of Claude agents.
